Observations... From Around Town

(BY JAY WHOZIT)

This Sunday, May 8th is Mother's Day—that one day in the year set aside especially for us to honor and pay tribute to the kindest, most generous, understanding, sympathetic person in all this wide world—our own dear mother . . . if you are among those fortunate enough to have your mother with you, don't wait for this one day to do something nice for her. show your appreciation for her many years of kindness and sacrifice by making every day a Mother's Day for her. . . the entire month of May has been designated as "Hospitality Month" in Mississippi by Governor Fielding L. Wright, as a time during which all Mississippians are asked to take stock of their historical, scenic, and educational assets and get better acquainted with the growing stream of visitors who are heading to our shores . . . on next Thursday, May 12th the King's Daughters Hospital will stage their annual shower and tea in order to acquire much needed linens, furniture, and other items, as well as cash, all of which is badly needed so that the hospital might continue to serve the public of Hancock County and surrounding territory . . . a recent statement showed that for the last year the hospital operated at a loss due to the large amount of charity patients given treatment during that time, so you can see the hospital needs your help . . . we believe the city hall grounds are now among the prettiest in town, and we want to doff our hats to the Council members and others responsible for this wonderful change in appearance, and would like to see our citizens take this as an example to improve their own yards and lots . . . former Mayor G. Y. Blaize, stricken on Monday of this week, is still seriously ill at the home of his son, Bernard, on Carroll Avenue, although his condition reportedly shows slight improvement . . . Mother Blanche, of St. Joseph Academy, announced this week that Miss Patricia Gex, daughter of Mr. and Mrs. Lucien M. Gex and Miss Charlene Burns, daughter of Mr. and Mrs. C. J. Burns, had merited the honors of being valedictorian and salutatorian, respectively, of class '49 . . . we understand that it will probably take the state auditors another month to finish their work of auditing the city's accounts for the past four years, which work is now in progress . . . the Saint Joseph Academy May Festival will be held this Saturday night at the St. Joseph Memorial Hall . . . What about those holes in the streets around town, Mayor, caused by the recent heavy rains? . . . better get something to fill them, at least temporarily . . . Bay St. Louis' three High Schools will again close on successive days, with Bay High School closing on Friday night, May 27th, St. Joseph Academy on Saturday night, May 28th, with St. Stanislaus ending their 1948-49 session on Sunday morning, May 29th at 11 o'clock.

S. J. A. Parents Club Holds Last Meeting of School Year

The closing meeting of the St. Joseph Parents' Club attended by twenty mothers was held on Tuesday, May 3rd.

The annual attendance prize, donated by Mrs. Leo Seal, was won by Mrs. Robert L. Genin. The prize for the most mothers present was given to the 7th and 8th grades. The door prize was divided between the Treasury and Mrs. Scott Assenheimer.

Mrs. F. R. Curran, president of the Parents' Club, asked the Chairman of the nominating committee to name the officers for the 1949-1950 school year. The ladies named were: Mrs. W. L. Reeder, President; Mrs. John Damborino, Vice President; John Damborino, Vice President; Mrs. George Anderson, Secretary; and Mrs. Gertrude Saucier, Treasurer.

After the installation of the new officers, Mother Blanche then expressed the profound appreciation of the Sisters of the Academy to the outgoing officers and the Parents' Club as a whole for the successful year they enjoyed.

Plans for a card party, to be held Thursday, June 2nd, were formulated and approved, with Mrs. Robert Camors, being named Chairman.

The S. J. A. Parents' Club will entertain the veterans with a Barbecue supper on May 22nd. The Chairman for this committee is Mrs. W. A. Previtt.

The meeting was adjourned and the ladies were served a luncheon as the guests of the Sisters.

The first meeting of the 1949-1950 term will be held on the first Tuesday in September.

George E. Roper, Jr. Speaks Before Bay Rotary Club on Wednesday

George E. Roper, Jr., Assistant Director World Trade Development International House, New Orleans addressed the Bay Rotary Club at the regular luncheon hour on Wednesday at Hotel Reed, in keeping with World Trade Week.

In opening Mr. Roper said that though our calendar shows fifty-two weeks in a year we are internationally celebrating one hundred weeks each year. These weeks, he said, are in the majority of instances or a product.

"World Trade Week is not a celebration of any event," Mr. Roper said, "but is rather an opportunity for us to take stock of ourselves and realize that we are Americans and proud of it but that we are also citizens of the world; that for all practical purposes, it is one world in which our own political, scientific, social, and economic progress of every other world citizen regardless of where he may live or the language he may speak. Being true Americans our lives are completely international in their make up."

Mr. Roper continued by saying that World Trade Week is an opportunity for us to realize that ours is a melting pot of the centuries of Progress and culture as well as of the peoples of the world. He also said that war can only be waged by a country or a group of countries who are economically self sufficient as to all basic materials needed to wage war—at least for the probable duration of war. But such a condition does not prevail in any one country of the world today.

We have emerged from World War II as the world's single important creditor nation. We have more than half of all monetary gold, and over half the world's productive capacity, yet we are peopled by only seven per cent of the world's population.

In order to maintain our present prosperous condition at home, we must do all we can to help create a constantly increasing volume of trade among the nations of the earth. No longer can we regard our exports and imports as a sideline of our domestic production and consumption. World trade is destined to become an increasingly powerful factor in American prosperity or lack of it."

Throughout his talk Mr. Roper stressed the importance of export as important to the United States and said that many failed to recognize the truth that our money spent for imports only serves to complete the cycle as it is sent back to us in payment for the things we produce.

Localizing his talk around New Orleans Mr. Roper said "As world trade prospers so will the city continue to prosper and grow adding new industries, maintaining high employment and offering its citizens a higher scale of living. It was this condition which brought International House into being."

Red Cross Grey Ladies To Hold Classes

A class of the Grey ladies of the American Red Cross will start on Thursday, May 5th and continue on May 6, 9 and 11th at the Veterans Hospital, in Gulfport.

Anyone interested may contact Mrs. Andrew Gray, Jr., chairman of the Grey Ladies, at telephone 412-3.

King's Daughters' Hospital Annual Shower and Tea Thursday, May 12th, 2 to 5

The annual shower and tea sponsored by the King's Daughters' Hospital will be held on Thursday, May 12th at the hospital, from two o'clock to five. Refreshments will be served.

Besides donations of linens, cash donations will be appreciated to help purchase the following much-needed items:

- Electric Cast Cutter, (Approx. cost) \$85.00
- Perineal Light (Approximate cost) 25.00
- Vacuum Cleaner (Approximate cost) 50.00
- One comfortable Lounge Chair (N-w or Used)
- Table lamps, dish towels, bed lamps, wash cloths, waste baskets, fish trays, brooms and mops, two medium garbage cans, two large garbage cans, and any other items which may be usable in the hospital.

The hospital gives care and attention to numerous charity patients during the year and really deserves whatever help the public feels it can give in the way of cash or other donations. Don't forget the date—Thursday, May 12th, at the hospital.

HANCOCK COUNTY LIVESTOCK ASSN. MEETING

There will be a meeting of the Hancock County Livestock Association Tuesday morning, May 10th at 10:00 o'clock in the K. C. Building.

Mr. D. C. Morris, District Soil Conservation Supervisor will be guest speaker. He will discuss Soil Conservation practices and its relation to a balanced livestock program. Mr. Morris is a former County Agent, has been with the Soil Conservation since its organization, and is well qualified to discuss his subject.

Every person in Hancock County who is either in some form of livestock operation (dairy, beef, hogs or poultry) or interested in same is urged to attend. Plans for a Fall Livestock Show will also be discussed.

K. OF C. DELEGATES TO STATE CONVENTION ELECTED

At a meeting of Pere LeDuc Council No. 1522, Knights of Columbus, Wilmer Thibaux, and Robert Camors were elected as delegates to the Mississippi State Convention to be held in Hattiesburg, James Seghers and Ed Arceneaux, Sr. were named as alternates.

The local K. C. Council is formulating plans for the initiation to be held on June 12 in Bay St. Louis. All councils are invited to be present and participate in this initiation.

Following the meeting an interesting television program was enjoyed.

BAY HIGH STUDENTS IN SENIOR CLASS PLAY

Miss Mary Cone, head of the Bay High School English department will present a number of the senior class members in the annual senior class play in the auditorium of the school, on Friday, May 6 at 8 p.m.

The play is a three-act comedy entitled "The Whole Town's Talking" and there will be an admission charge of 50c for adults, 25c for students and children.

The following is the cast: Dolores Carver, Sarah Vaughn, Lillian Russell, Mary Margaret Johnson, Eva Allen, Louella Capedon, Joyce Middleton, Birch Bankston, Emmuel Von Lubbe, Curtis Taconi, Lawrence Lafontaine, Aivah Rulir.

This bids fair to an entertainment of fun and laughter for old and young. Come out and give these young people your encouragement.

Baptist Womens Missionary Society Meets

The Womens Missionary Society of the First Baptist Church held its May Meeting at the church on Tuesday afternoon with Mrs. W. W. Webre, president presiding.

The program, "Christ the Answer in the Home" was discussed by Mrs. David Middleton, Mrs. M. L. Hill, Mrs. Claiborne Ladner, Miss Sallie Pearson, Mrs. Thos. B. Sellers and Mrs. Webre. The devotional was given by Mrs. J. J. Losch.

Funeral Services For Mrs. Pearl Woods Ray

Funeral services were held on Saturday, April 30th at the Corinth Baptist Church for Mrs. Pearl Woods Ray of Pearl River, La., who died in the Martin Sanatorium, Piquette, on Friday, April 29, from injuries received Friday morning when she was struck by an automobile on Highway 11 about five miles south of Piquette. Interment was in Turtle Creek cemetery.

It was said that Mrs. Ray had just gotten off a bus near the home of her sister, Mrs. Sam Smith whom she was to visit. She was knocked into the air by an automobile driven by George Mitchell, who was in Piquette with the J. A. Gentsch Shows, which was showing there. According to reports Mrs. Ray was crossing highway 11 to go to her sister's home when the car struck her.

Mrs. Ray was a resident of the Aaron Academy community at one time.

A Report Of The Facts Uncolored, From The City Records

By SYLVAN J. LADNER, JR.

As most of you know, the State Auditing Department began its four year DETAILED Audit of the financial affairs of the City on March 28th., 1949.

The Auditing Department is using the services of three of its best auditors, namely, James Owen, E. E. Furgerson, and Dexter Barr. Two of whom have been working daily since March 28th., and the third Auditor having been called in from time to time. Although no Public statement can be made as to the results, or findings of the State Auditing Department until the Audit is complete, we are permitted to say that one phase of the Audit has been completed and that we are informed that the Audit should be completed within another month.

Mr. M. M. Batson, Director of Audits of the State Auditing Department wrote the following letter to the present Commission Council:

Jackson, Miss.
April 29th., 1949

Mr. W. J. Carver, Mayor
Mr. S. J. Ladner, Commissioner
City of Bay St. Louis, Mississippi.

Gentlemen:

We present, for your consideration, approval, and payment, if sufficient funds are available, the inclosed statement of cost of making the present audit of your city on basis of actual time consumed up to and including April 23rd., 1949. Therefore, the amount of this cost bill, if paid now, will not represent an advance payment on the cost of the audit, but will represent a cost that has actually and already accrued against your city for the audit.

As stated to you in our letter of March 16, we have no specially designated fund from which we can pay salaries and expenses of any of our auditors who might be engaged in making audits of municipalities, in view of which we must necessarily request any municipality we might be auditing to pay the cost monthly, when funds are available, in order that we might not have to draw on our "County Audit Fund" for these expenses.

Yours truly,
M. M. BATSON (Signed)
Director of Audits.

At the Commission Council Meeting, of Wednesday, May 4th., 1949, I made a motion that the Commission Council issue warrant in the amount of \$780.00 payable to the Department of State Audits for 39 days at \$20.00 per man per day. This motion was lost on account of the failure of a second by the other Member of the Council. The Minutes of the meeting fail to reflect any reason for his failure to approve the motion. Certainly his reason could not be for the lack of funds to pay such an obligation incurred by the City, particularly since it is a matter of record that a former member of the Council has tendered to the city \$11,410.00, on the day of his resignation.

This is a preferred claim owed by the city and can readily be collected by the State from the city with a 10% damage plus 6% interest on refusal to pay.

There is no question that this amount owed to the State should be paid out of the amount of \$11,410.00, which has already been repaid to the City Treasury.

I can further safely assure you that the State Auditing Department is well deserving of said amount which is only \$20.00 per day per man, and when said audit is complete, the City will profit 100 fold from the results of their valuable work.

It might be of further interest to you that the private auditing firm of Taylor, Powell, Wilson and Hartford, who were engaged by the other two members of the council, (which I voted against) to make a balance sheet audit of receipts and disbursements of the City, both members of the Council knowing at the time that the State Auditing Department had been requested by 20% of the qualified electors of the City of Bay St. Louis to make a detailed audit of the financial affairs of the City, have now presented their bill in the amount of \$1250.00 for merely an UNAUDITED statement of cash receipts and disbursements, and a TENTATIVE current fund balance sheet. As can readily be seen this alleged audit was a useless expenditure of the taxpayers' money, inasmuch as it is a known fact that the State Auditing Department MUST duplicate the above in order to familiarize you with the FACTS and I feel I have represented the best interests of the PUBLIC by taking the stand I have.

YACHT CLUB PLANS NEARING COMPLETION

The proposed Yacht Club for Bay St. Louis is shaping into a reality and John Bell, commodore, reports that bids for the club house are in the hands of the contractors and it is expected that work on the harbor will be begun within a week or ten days. The final price on creosote piling and lumber for breakwater has not been received but should be within a short time.

Mr. Bell says that approximately \$32,000 of the pledges has been paid in and the Board of Governors is urging every pledge to mail in their checks for the amount of their pledge.

If you want to come in as a charter member call Mr. Bell at phone 193-W.

NATIONAL HOME DEMONSTRATION WEEK

Homemakers who have benefited from home demonstration work or the Extension Service—there are more than 3 million of them in the country—are celebrating this week (May 1-7) as National Home Demonstration Week.

They seek, by acquainting other women with its advantages, to express their gratitude for the great national educational project which brings to women the latest home-making information without a charge. Those who are organized in home demonstration clubs will hold exhibits and special meetings to obtain wider recognition of problems affecting the rural family and to encourage participation of a greater number of families in the extension program.

Originally designed for rural women only, the service now has been expanded in some areas to include city women as well. Problems of food, clothing, shelter, and family life are shared by all homemakers. Homemakers in the city and country alike will agree that the home demonstration service accomplishes its purpose of helping women have "a more abundant home and community life."

ST. JOSEPH'S ACADEMY TO HOLD GRADUATION EXERCISES MAY 28TH.

It was announced today, by Mother Blanche, that the annual graduation exercises at St. Joseph's Academy would be held on Saturday evening, the 28th of May, at the St. Joseph Auditorium.

Brother Alexis, President of St. Stanislaus, will deliver the graduation address. The Most Reverend Richard O. Gerow, Bishop of Natchez, will also be present and will address the graduates and guests.

The class of 1949 consists of twenty young ladies, of whom Miss Patsy Gex, will be valedictorian and Miss Charlene Burns, salutatorian.

Red Cross Aquatic Schools Open June 1st.

The American Red Cross announces the opening of the National Aquatic schools, La. June 1st to June 11. The Northwestern State College, Natchitoches, La., June 1st to June 11th. The second at Roosevelt State Park, Chipley, Ga., June 6th to June 16th and one for colored, at Montgomery Bell State Park in Dickson, Tenn., June 6th to June 16th.

These schools teach swimming, life saving, first aid, water safety, accident prevention, leadership, etc. Upon completion of one or more of these courses, you can be qualified to teach classes in these subjects. The age limit is from 18 years up.

The local Red Cross Chapter would like to send one or two representatives to these schools. If you are interested and would like to teach life saving and swimming in Hancock County contact Mrs. J. B. Goldman, Chairman of Water Safety or the Red Cross Office for further particulars.

Waveland School Parents' Club Has Annual Dinner

The Parents' Club of Waveland Public School entertained its members at their annual dinner on Thursday, April 21st, at the Watkins Restaurant. Thirty-eight members of the club were present.

Following the dinner, the club presented a beautiful table lamp to Mrs. Siegel, the retiring secretary in appreciation for the time and effort she has contributed to the club and the children during the past few years.

OUR TOWN

By WARREN J. CARVER

While events of the past few weeks have been of a rather disheartening nature to the community as a whole, at least something has been done which can be termed constructive or of possible lasting benefit to the community. Reference is made to the effort of the Mayor's office to secure a badly needed payroll to provide our people with a means of bettering themselves and their families.

Telegrams and letters have been sent to industrial prospects when it is learned that such prospects are interested in locating plants in the South and especially in Mississippi. During the past weeks, some of the prospects to whom telegrams have been sent and letters have been written are:

1. A South American (Buenos Aires) ceramic engineer who is interested in a plant to manufacture glazed ceramic wall tile. The plant would employ 75 people, 50 percent of whom would be women. Plans call for expansion to include manufacture of tableware as ceramic skills are developed.

2. A Los Angeles, California, small manufacturer who requested information and data which would help him decide on the location of a small plant.

3. A Maryland College student interested in setting up his own food processing plant. This prospect was told of the food processing plant in Bay St. Louis which is for sale.

4. A New York shirt manufacturer who is interested in locating in Mississippi.

5. A cloth manufacturer who wanted information on the advantages of a new plant location.

A number of other prospects were contacted and from one came a reply which brought forth the realization that we were just not fast enough on the approach. The letter came from Mr. G. S. McKee, Vice-President of Talon, Inc., of Meadville, Pa., fastener manufacturer. His letter states:

"We are in receipt of your telegram regarding a plant location in Mississippi."

"We would not at this time be interested in a site in your town as we have just recently purchased a plant at Morton, Mississippi, which will adequately serve our present requirements."

"However if in the future this again becomes active and further expansion is considered, we will be glad to get in touch with you at that time."

Another letter from a firm of Certified Public Accountants in Newark, N. J., who represented a company desirous of setting up an insulation board mill somewhere in Mississippi, sounds a more encouraging note. The letter reads:

"Thank you for your letter of March 22, 1949, apprising us of information relative to the erection of an insulation board mill in and around your area."

"Our client's thinking in this connection has been somewhat tempered by the recent business recession. However, it is still interested in getting data together in this connection."

"Your description of Bay St. Louis sounds most interesting and it may be that some representative may be down to see you in the near future in this connection."

Of course, it is altogether probable that several hundred letters may be written before one brings us an industrial plant. However, it will be seen from the above that the interest of the greatest number is being kept in mind. The efforts of this office have been and will continue to be aimed in that direction. Continued unfavorable publicity to which we have been subjected during the past few weeks has done nothing but tear down and destroy. Such a statement is not based on imagination but on actual direct remarks that have come to this office from residents as well as non-residents of our community. If we have unpleasant affairs and disclosures to be brought to light would it not be better to keep them within the confines of our own community rather than spread them before the entire world? This continued publicity brought about by the efforts of a few has certainly not been instrumental in helping our community in the least.

Talking over a bankrupt concern is rather a difficult job. Possibly mistakes have been made, but the measures taken have had only the best interests of our city at heart. Would not some constructive criticism and actual assistance and cooperation be better than the methods used so far by those who are disposed to criticize?

ANNUAL CHURCH
BAZAAR, SATURDAY,
MAY 7TH.

In the Bayou LaCrosse Community the Church of Jesus Christ of Latter Day Saints will hold their annual church bazaar and fair on Saturday, May 7th, beginning at two o'clock in the afternoon. There will be chicken gumbo and other things to eat, also many kinds of fancy work which may be bought or won. The public is cordially invited.

PUBLIC INVITED TO MAY CROWNING ON 22

With the kind permission of the Most Rev. Richard O. Gerow, Bishop of Natchez, and with the cooperation of Rt. Rev. Monsignor Gmelch, of Our Lady of the Gulf Church, the combined Sodalties of St. Joseph Academy and St. Stanislaus will hold their annual May crowning at Stanislaus Stadium at 7:30 P. M., Sunday, May 22.

The Beads will be recited, accompanied with hymns to honor the Blessed Virgin, Queen of May. Father Desmond will give a short sermon, followed by Benediction of the Most Blessed Sacrament.

The purpose of this demonstration is to rededicate ourselves to the practice of the virtues exemplified by the spotless life of the Holy Mother of God. The public is cordially invited to join themselves with the students in this public act of Faith.

MRS. CARL T. SMITH PRESENTS PUPILS IN RECITAL

Mrs. Carl T. Smith, instructor of piano and choral work at Bay High, presented her pupils in a recital on Thursday evening at 8 p. m. in the auditorium of the school before a

representative group of friends and parents. The program was a dignified, creditable showing of the work done by first year piano pupils as well as older students. The small children conducted themselves with poise and ease and reflected credit on themselves as well as on their instructor.

The stage was beautifully deco-

rated, the work of Mrs. Frank Clark, in Easter lilies, Queen's Lace, maiden hair fern held in tall white floor baskets. Across the footlights was an arrangement of green vines. The following is the program:

Part I: First year piano: Church Bells, Kitterer—Sarah Jo Garrett; A Rainy Day, Risher—Sylvia Tamm; Follow the Leader and Hop Scotch—Ty Robin; Mellow Moon—Carleton—Shirley Miller; March of the Trombones—Richter—Tommy Hill; Merry Majorette—Carleton—Linda Breath; The Street Band de Albert—Jay Lacoste.

Part II: Danish Dance Song—vocal quartette—Janelle Van Trier, Audrey Mays, Clara Pucheu, George Mays, Robin Red Breast—Terry—Patricia Kelley and Carol Horton; Petite Ballerina—Marianne Cuevas; Parrot and Penguin—Carol Horton; Night Hike—Steiner—Hawlin Echoes—Tremar—Billy James; Three Waltzes—Schubert—Temple Perkins; Starlight Dance—Taylor—Patricia Kelly; At the Fireside and Important Even—Schumad—Sylvia Horton; Flieg—Massenett—Ballade—Burge-

REPORT FROM PUBLIC WELFARE OFFICE

In May 1948 Mrs. Norton Haas assumed the duties of Welfare Agent for Hancock County succeeding Mrs. Elliott Casanova who had served in that capacity for fifteen years.

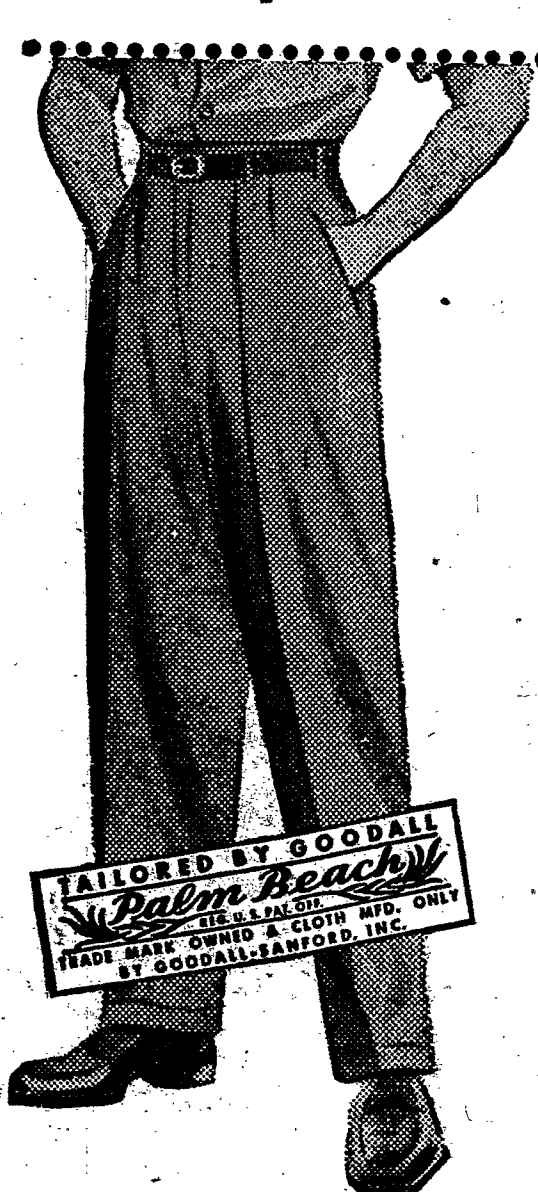

Mrs. Haas reports a total number of old age recipients as 343 with a total of \$7,075, for that unit; 62 ADC's (Aid for Dependant Children) with \$1,661 for use there; 12 blind clients with \$380, for use for them. Two children have been placed in orphanages during the year.

The work with the blind is far reaching and these blind clients are able to read, to have books reviewed, and many other advantages.

The local offices have been redecorated and both have new bright linoleum rugs. There are potted plants in the windows and outside the offices Mrs. Haas has seen to the planting of shrubs and flowers.

STATE PUTS HOSPITALITY TO WORK IN TOURIST BID

Mississippi will put a good old Southern tradition to work in May with a "Hospitality Month" observance designed to give the tourist and visitor to the Magnolia State a more glamorous and genuine welcome.

The entire month will be set aside by proclamation of Governor Fielding L. Wright as a time during which Mississippians may take stock of their historical, scenic and recreational assets and get better acquainted with the growing stream of visitors who are heading south.

The tourist's importance to the state from both an economic and public relations standpoint will be emphasized during the 31-day period. Mississippians in all fields—from the service station attendant who greets the visitor first on down the line—will be urged to take inventory of their tourist advantages and organize for a clean-up of premises, a brush-up on service, and a study-up of area and state attractions.

The tourist's importance to the state economically is readily seen in estimates of the dollar volume of this industry. For instance, personal expenditures for travel, vacations and related industries in the nation are expected to reach the staggering total of approximately \$40 billion in the three years of 1948 through 1950.

It is roughly estimated that Mississippi's potential share of this major business will amount to \$200,000,000 a year.

In recent years the volume of motorists, vacationers and sightseers in Mississippi has steadily increased, largely through the promotional program of the Mississippi Agricultural and Industrial Board in cooperation with the areas and towns of the state.

Advertising, publicity, photographs, posters, travel show displays, literature, tours for travel writers and various other means have been used effectively to attract people to Mississippi from other sections of America.

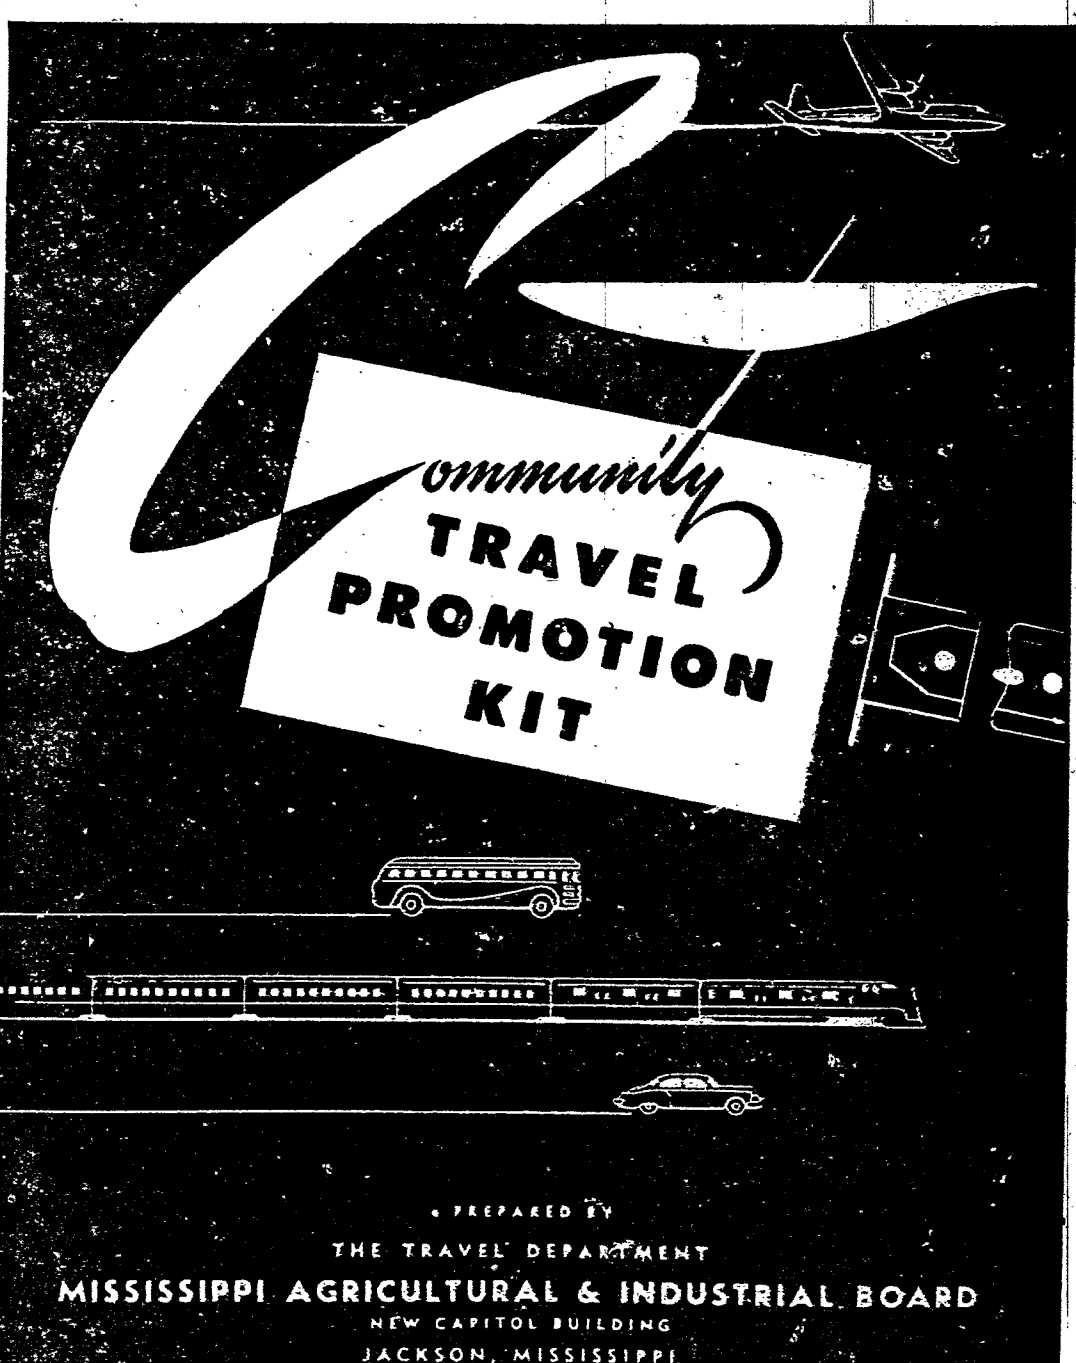

Records of the A. & I. Board show that many of these satisfied visitors not only are making repeat visits but are selling Mississippi at home by word of mouth.

This agency now is taking its travel promotion program to the grass roots in an effort to get tourists to stay longer and come back more often.

The program, which started March 1st with organization of communities and service trades throughout the state, reaches its climax in May.

The objectives of the program are six-fold:

1. Creation of a state-wide consciousness of Mississippi's opportunities and responsibilities in developing increased tourist and recreation business.
2. Creation of tangible goals towards which Mississippi communities and other interested organizations, agencies and groups can work in developing this business.
3. Coordination between communities and other interested groups.
4. Lengthening of the regular summer vacation season in Mississippi.
5. Securing favorable national publicity which calls attention to Mississippi's tourist attractions.
6. Promotion of Mississippi's advantages for location of industry by building dividends in Mississippi, and by favorably impressing business and industrial leaders through

Community travel promotion kits, shown above, which contain all the necessary material for organizing and carrying out a travel promotion program, are being distributed to community leaders throughout the state by the Mississippi Agricultural and Industrial Board.

Special guest stickers for automobile windshields, which proclaim Mississippi as "America's No. 1 State of Opportunity" will be provided motorists through service station operators and members of the State Highway Patrol.

the national publicity gained through promotion of "Hospitality Month".

The six-point program of the Board to accomplish these objectives has already been endorsed by various state agencies such as the highway department, the highway patrol, health departments, motor vehicle commission, department of education and others.

And, in addition, the A. & I. Board has received assurance of cooperation from private enterprises, such as oil companies, transportation companies, hotels, restaurants, motor clubs, garden clubs, chambers of commerce and similar civic groups.

During "Hospitality Month" these organizations will assist in carrying out the following program:

1. Selection of a "Miss Hospitality" from contestants in each community participating in the program.
2. Co-ordinated state newspaper and radio publicity.

3. An intensive out-of-state publicity drive, utilizing "Miss Hospitality" wherever possible in obtaining publicity.
4. Co-ordination on a statewide scale of "Hospitality Month" activities through the A. & I. Board.
5. Community participation including creating community attractiveness, developing local attractions, ability to describe attractions to tourists, better knowledge of geography and history of the state, ability to give accurate highway directions, and practicing of hospitality in the state.
6. To aid service trades management in a coordinated state-wide effort to stimulate greater interest in courtesy and efficiency of all service trades employees in serving out-of-state guests.

To help in the accomplishment of this program, the Agricultural and Industrial Board has prepared a travel promotion kit which will go to members of various committees participating in "Hospitality Month".

These kits will contain the following information:

Visualizers giving detailed suggestions for organizing and functions of the Community Travel Promotion Committees and sub-committees, literature giving complete information on Mississippi, a booklet explaining methods of conducting a "Travel Host School," "Hospitality Month" guest stickers for out-of-state cars, and various other helpful tools for use in promoting the program.

Promotion of "Hospitality Month" in Mississippi not only will serve to emphasize to Mississippians the importance of the tourist but will help sell the nation on the importance of the state as a place to come and spend a vacation.

ROCKS RUN OVER BROOKLYN 13-1

The St. Stanislaus Rock-A-Chows were in great form again last Wednesday, as they ran roughshod over the boys from Brooklyn. The S. S. C. team chalked up thirteen runs, made ten hits and allowed only two errors. Charlie Ladner struck out 8 and allowed only one hit. Al Burns, taking over for the first time this season in the fifth inning, struck out four and allowed only one hit. Uhle slammed out two doubles and single for five times at bat. Joe David got two singles, and Heitzmann, Chiche, L. Ladner, Morreale and Luc accounted for the remainder. Heaviest scoring for the Rocks was in the seventh inning, when seven of their thirteen runs crossed the plate. Brooklyn's only run came when Hemby got on base on a walk, was advanced to second and tried to steal third. A poor throw to third base got past Crovetto, took a bad bounce and evaded the glove of Charlie Ladner. Hits for Brooklyn were scored by Hemby and Stelle.

ADDING THE Smell THAT MEANS SAFETY

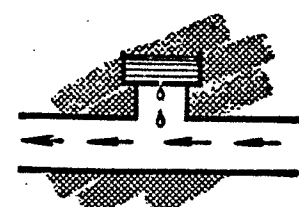

You can't see it... you can't smell it. Natural gas is odorless and colorless as it comes from the well. In the interest of safety, a telltale odor must be added to your gas as it enters the local distribution mains. Small quantities of a special type of liquid are added to the gas, so even the smallest leak may be discovered.

The odorization of gas is one of many functions of the United Gas system... all of which have the ultimate purpose of assuring a continued safe, dependable supply of natural gas to our customers.

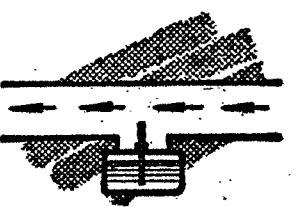

UNITED GAS

Serving the Gulf South

Three general types of odorizing equipment are used on United Gas lines. One is the "drip" or "injection" type, by which small quantities of molalodrant are introduced into the gas to add the smell that means safety.

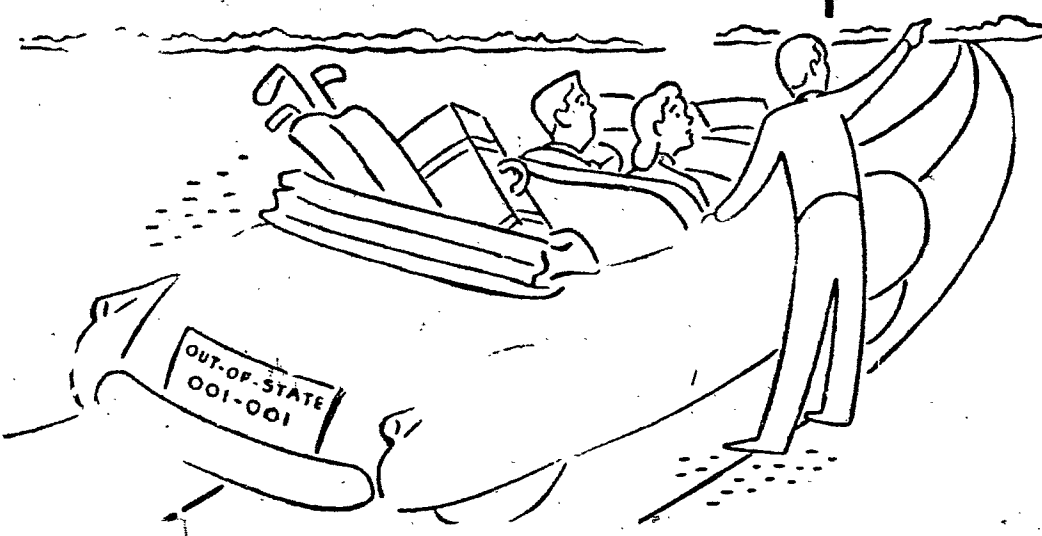

The second type, comparable in action to the kerosene lamp, is one in which a wick carries the odorant into the flow of gas. This is commonly used to give "individual" protection to one consumer or a small group of consumers in suburban areas.

A third type is the absorption odorizer that serves small towns. Part of the gas passing through the line is drawn through a tank where, like a sponge, it absorbs sufficient molalodrant to odorize the remainder of the gas.

IT HAPPENS EVERYDAY...

Let's see now... you go down this road about four or five miles. No, about ten miles. Then you take Highway... let's see -- I think... nope that's not it. You know where Si Marsh's barn is? Mister, if I was going where you are I would start from somewhere else!

JUNIOR-SENIOR PROM SET FOR FRIDAY, MAY 13

Seniors, your annual treat is nigh at hand. The Juniors of '49 are hard at work to give you a prom which they hope will remain in your hearts after you disperse from the maternal shelter of your Alma Mater. Their (the Juniors), only request is that you enjoy this night set aside for you, to the fullest extent. Though the theme itself is secret, your hosts expect to present something new and brilliant which, they are sure, will rank among the best. Your music will be presented by Al Hirt and his orchestra. For your pleasure, a vocalist will also entertain. As expected, excitement and anticipation towards the gala event is fast gaining momentum. In fact, curious eyes are often seen trailing and marking the movements of the decorators. Special tables will be reserved for you and your favorites. Happiness is not restricted, and the Juniors—your hosts, will share in your triumph. Remember, you "lucky Seniors" your night is Friday, May 13th. —St. Stanislaus Rockachav

TUNG OIL

A hearing has been granted and time set for May 9th on a bill which I have been pushing for the last 2 years which has as its objective the replacement of tung on the same parity basis with cotton, corn, peanuts and a number of other basic commodities. A number of representatives of the growers and processors of tung nuts from Mississippi, Alabama, Louisiana, Florida and Texas (the states where tung is grown) will be present to testify in behalf of this legislation.

Tung gets its name from the heart-shaped leaves of the tung trees. Tung is the Chinese word for heart. Prior to World War I, all the tung oil used in this country was imported from China. During World War I it was difficult to obtain this needed oil and as a result a movement was started to produce tung oil in this country. The first plantings were along the coastal plains of Florida. The first grove in Mississippi was in Jackson County. The tung industry from this beginning has grown into a substantial industry along the coastal plains of these five states. Today, Pearl River is the largest producer in the United States. Tung oil is a hardening oil, superior to linseed oil and is used to a large extent in the better paints and varnishes. But, it's more than that. It is a strategic, necessary war material. The Navy consumes huge

quantities of this oil.

CHINESE COMPETITION

While the War was on, the growers of tung made good profits due again to the difficulty in importing the Chinese product. But now that the War is over, the market is being flooded with the inferior imported product from China. Therefore, the price of tung oil has dropped from around 40c to about 19c. The producers of tung in these Southern States are therefore taking a beating. It is impossible for the American farmer to produce this product in competition with China for the very simple reason that there is such a difference in the standard of living in the United States and China. The Chinese oil is produced by cheap Chinese Coolie labor who earn only a few cents a day per man.

GOVERNMENT ASSISTANCE IMPERATIVE

Therefore it can readily be observed

ed that, if this infant industry is to survive in this country, it must have some type of governmental assistance. I also have pending before the Ways and Means Committee, a bill which would impose a duty of 5c per pound on all imported tung oil. But, the Administration likewise throws on this proposal. The Administration, in addition to its traditional policy of free trade, takes the position that tung is one of the principal exports of China, and we must help China. We succeeded last year in inducing the then Secretary of Agriculture, Clinton P. Anderson, to grant a support price of 25c per pound which he had authority to do under the general law. But when Secretary Brannan came in he refused to go along with this proposal. The pur-

It is impossible at this time to say what the outcome will be, but we are making our fight. And if we succeed, tung oil would bring the growers around thirty-five to thirty-eight cents per pound.

X-RAY BUS TO RETURN

The mobile x-ray of the State Board of Health will return to Hancock County Monday, May 23 to complete the mass x-ray survey, according to an announcement made by Dr. C. M. Shipp, Director of the local health department.

The x-ray survey had begun in late April in the county, but due to a major break down of the x-ray machine had to be cancelled at that time as no replacements were available. The mobile x-ray unit was taken to the central plant and completely overhauled by State and General Electric x-ray service men and engineers. Repeated test pictures were made and checked until the machine was found to work perfectly.

Let's All Put Our Shoulder to the wheel

Mississippi can become one of the greatest vacation and recreation states in the South. We have the best highways in the Nation, excellent year-round climate, a beautiful Gulf Coast, historic interest, lovely state parks and scores of attractions which only Dixie can provide.

The big job now is to sell ourselves and others on these numerous advantages.

And that job can be accomplished during "Hospitality Month" in May if we all put our shoulder to the wheel.

Your state is advertising for its share of this 12-billion dollar travel and recreation business; your community has organized a Travel Promotion Committee to help our community get its share.

By supporting and cooperating with this Committee, you can help your town and yourself get a share of Mississippi's potential \$200,000,000 travel business.

Stanislaus Band Wins Honors At State Band Festival

By Pat Hurley, Jr.
The Stanislaus Band again returned from the State Band Festival at the Capitol City with high honors. Under the expert guidance of Brother Romuald and with the diligent work on the part of the students it again took a Superior rating in

marching. They also obtained an excellent rating in concert.

Besides the entire band receiving medals, our drum major James Borgstede, received one for his superior performance. The solo and ensemble group also received medals for their Superior ratings. Norman and Nor-

bert Carnovale obtained Superior in solos. The trumpet trio consisting of Norbert Carnovale, Larry Scharff, and Sal D'Angelo, and the sax quartet, consisting of Norman Carnovale, Paul Hurley, Marion Wolfe and Clarence Hava rated Superior in ensemble.

The band took part in three major events. Immediately after arriving in Jackson, they proceeded to the city auditorium where they competed in the concert division of the Festival. After this they marched in the parade which consisted of all the bands which performed that day. The parade began at the old Capitol building and proceeded down Capitol Street to the Edwards Hotel where it ended. That night the band left Jackson for Canton where it took part in the Marching Division of the Festival. This was held in Canton on account of the wet field in Jackson.

The marching routine consisted of several maneuvers divided into two groups, Required and Special Maneuvers. The required maneuvers are standard military drills such as the countermarch, in which the band completely reverses itself and the decrease and increase front, in which the band decreases its front to one-half of the original size and then returns to the regular position. The special maneuvers consist in the band dividing into separate groups which have separate routines to follow. The object is for the band to split up and then come back into formation.

Selections played for the concert division of the Festival were March Bravura by C. E. Duble, Mountain Echoes by Frankiser, the required pumber, and Night in Tripoli by Richards, the select number.

—St. Stanislaus Rockchaw

COUNTY AGENT NOTES

Control Flies Around Dairies
Flies often have much to do with milk lacking quality. They also lower production, increase the cost of production and lower the health of the herd.

Get the first flies. They are the ones that cause trouble all summer. Horn flies cause a loss averaging 15 percent in milk production, dairy specialists estimate. A dairyman can soon figure in dollars and cents the amount of this loss.

Flies carry filth and disease germs resulting in increased bacterial count, poor flavors, increased sediment content and the spreading of disease.

Modern control measures make it possible to rid dairy buildings and herd of horn, stable and house flies. Mehoxychlor or Marlate is recommended for controlling flies. Marlate is safer to use on producing cows, and about the milk room than is DDT, and it lasts about as long. Use of DDT on producing dairy cows is not recommended.

For a spray to control stable and house flies, mix one pound or four cupfuls of 50 percent Marlate to three gallons of water. Spray inside walls, beams and cross pieces. This same mixture may be used with compressed air sprayers when spraying cattle horn flies.

With powder sprayers, mix one pound or four cupfuls of 50 percent Marlate to 10 gallons of water. Wet back and sides of animals thoroughly, and also wet the underline in extreme hot weather.

Sudan or millet are recommended to insure plenty of summer grazing. On such grazing, dairy cows have averaged five pounds of increased milk production with three cows per acre.

Rich, moist low land is best for sudan or millet. These do best following crimson clover, wild winter peas or some other legume. If no clover or legume was on the land, it is good to broadcast manure before land preparation.

Prepare a good seedbed. Land should be plowed if manure is applied, and in many cases should receive good raking and harrowing.

Time to plant begins May 1st and can continue until July 1.

Cultipacking after planting is insurance for a good stand and quick growth.

Recommended varieties of Sudan are Sweet and Tift, and of millet are Pearl and Cattail. Millet has the advantage of more grazing, quicker growth and having less rust.

Seeding rate is 10 pounds per acre in rows and 30 to 40 pounds per acre broadcast.

Better grazing results from seeding in rows, compared to broadcast, as well as using less seed and less nitrate.

When planted in rows, drill one sack nitrate of soda or a half sack of ammonium nitrate per acre at time of planting. If seed are broadcast, apply one sack ammonium nitrate or two sacks nitrate of soda at time of sowing and cultipack.

Women now find 2-way help for old problem

What is a woman's oldest problem, functional monthly pain? Many a girl and woman has found the answer in CARDUI 2-way help. You see, CARDUI may make things lots easier for you in either of two ways: (1) started 3 days before "your time" and taken as directed on the label, it should help relieve functional periodic pain; (2) taken throughout the month like a tonic, it should improve your appetite, aid digestion, and thus help build up resistance for the trying days to come. CARDUI is scientifically prepared and scientifically tested. If you suffer "at those certain times", get CARDUI today.

Army Searching For Documentary Information

Fort Dix, N. J., April 13—To assist in the preparation of an official history of the Army's efforts in World War II, the Historical Division, Special Staff, Department of the Army, is searching for documentary evidence and information which Army personnel and former soldiers may have in their possession.

Although literally tons of usable documents and other material are available for study and condensation by the Historical Division, some gaps appear in the whole effort. For this reason the division is desirous of obtaining documentary information which Army personnel or veterans of World War II may have.

What is specifically desired is background information on field orders, plans, and after-action reports. It is believed that many soldiers and ex-soldiers have retained copies of information pertinent to the material desired, or remember incidents which may serve as anecdotes to the historical effort.

Soldiers and veterans who have information to volunteer or documents they wish to forward are urged to write directly to the Chief, Historical Division, Special Staff, Department of the Army, Washington 25, D. C.

This is "Hospitality Month"

what are
YOU
doing about it?

Visitors from every section of the United States are coming to Mississippi in ever increasing numbers. It is estimated that tourist business for the state may reach \$200,000,000 annually.

These tourist and recreation expenditures benefit everyone, directly or indirectly. They add to the general welfare and prosperity of our state and our community.

The big question now is: "What are you going to do about it?"

The month of May has been set aside as "Hospitality Month" in Mississippi — a time when we may take stock of our tourist assets and participate in a program to encourage tourists to come more often and remain longer. Governor Wright is encouraging every citizen to take part in this aggressive program to help Mississippi increase its tourist business — to help us secure our share of the travel dollar.

A local Travel Promotion Committee has been organized to do this job in our town and it will be expecting your help in putting "Hospitality Month" over here.

Do your part by cooperating in the program which this committee is conducting for your benefit.

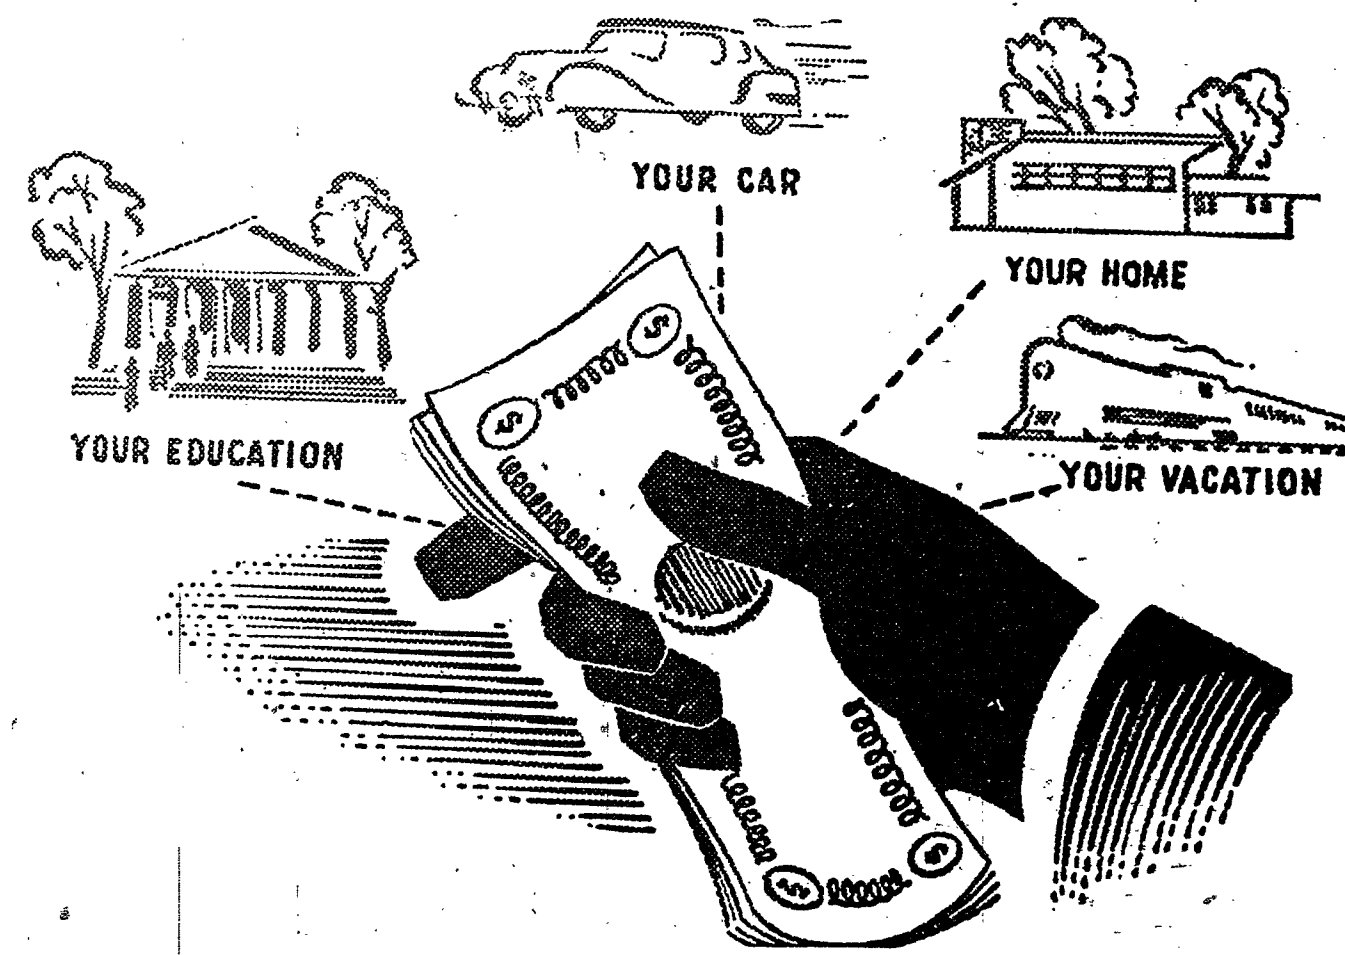

A 7 POINT PROGRAM FOR "HOSPITALITY MONTH"

1. Create a community consciousness of the opportunities and responsibilities that lie in Community Travel Promotion.
2. Make our community more attractive physically.
3. Know and develop our local attractions and entertainments.
4. Be able to describe tourist attractions in other communities in Mississippi.
5. Learn more about the geography and history of our state.
6. Be able to give clear and accurate highway information.
7. Put that traditional "Southern Hospitality" to work.

Pascagoula Girl Chosen "Miss University"

University, Miss., April 28.—The title of "Miss University" and the chance to compete in the "Miss Mississippi Pageant" have been bestowed on Katherine Wright of Pascagoula, 20-year-old University of Mississippi co-ed.

A capacity crowd of about 1400 Ole Miss students watched the Gulf

Coast Blonde win over 14 other girls Wednesday night in a contest that included talent displays on the piano and organ, acrobatic ballet, dress designing, readings, paintings, poems and baton twirling. Master of ceremonies was Dean C. DuBois of Gulfport, editor of The Mississippian, student newspaper which sponsored the contest.

The daughter of Mr. and Mrs. E. D. Wright, Miss Wright was closely followed by Tennie Coleman of

Indianola and Peggy Laughter of Walls in the final judging. Others in the first five were Gaynel Gex of Bay St. Louis and Merrick Turpin of Greenwood.

Miss Wright, a junior in the College of Liberal Arts, also holds the title of second alternate. Miss Cotton and will appear in the Memphis Cotton Carnival on May 11. She has made several goodwill tours of the Arkansas and Mississippi Deltas during the past few weeks.

She was crowned "Miss University" by Lois Welch, 1948 "Miss Memphis," who served on the board of judges with Margaret Riffin, Memphis commercial artist, and J. B. Roach, Oxford merchant. Mr. Roach is a member of the Oxford Junior Chamber of Commerce, "Miss Mississippi" committee which will sponsor that contest at Ole Miss on July 13-14.

Miss Wright won a \$25 prize Wednesday night and will have the chance to compete for a \$500 college scholarship in the state contest. One of the sponsors for the Army-Air R. O. T. C. unit, she is affiliated with Kappa Kappa Gamma sorority and transferred here last fall from Belhaven College.

Other entries in Wednesday night's contest were Kate Broucher of Sardis, Virgie Dick of Bay St. Louis, Ann Guiley of Pascagoula, Bettye Higdon of Belzoni, Ella Beth McAdams of Jackson, Peggy Mizell of Natchez, Dorothy Lee Roberts of Shelby, June Walden of Memphis, Virginia Ann Collier of Corinth, and Lida Jane (Cookie) Wason of Conway, Ark.

GAINESVILLE NEWS

Mrs. Cora Miller just returned home after spending a week in Gulfport, Miss.

Mr. Norman Ott spent the week end with his family. Mr. Ott is employed in Gulfport.

Miss Evelyn Taylor and Mr. J. D. Jones both of Gainesville, were married on April 23rd, 1949 at 2 o'clock, P. M., with Elder John W. Miller officiating at the ceremony. The wedding took place at the home of the bride with only a few friends and relatives present.

Bridesmaid was a sister of the bride Miss Clementine Taylor. Best man was Frankie Davis.

After the wedding refreshments were served and the couple left for New Orleans on their honeymoon.

A wedding claiming interest here was that of Miss Daisy Dear Smith, daughter of Mrs. Harvey Smith, and the late Mr. Smith and Robert J. Williams, son of Mr. and Mrs. Granville H. Williams, both of Picayune, who were married on Sunday, April 24 at the First Baptist Church in Picayune. Rev. E. P. Estes, performed the ceremony before an altar of spring flowers and lighted candles.

The couple stood for the making of their marriage vows under a trellis of Easter and Cala lilies and snapdragons. These same flowers were carried out in the entire decorations in the church and in the house where the reception was held.

To the strains of the Bridal Chorus from Lohegren played by Mrs. Tate Thigpen the bride entered with her brother William Smith who gave her in marriage. She wore a wedding

gown of white satin made with the tight fitted bodice with a full skirt which fell in a train. The finger tip veil of illusion was held to her head by orange blossoms.

She had as her maid of honor her sister, Miss Marie Smith and as bridesmaids, Miss Alta Mae Williams, sister of the bridegroom and Miss Peaches Doby. They wore dresses in the pastel shades and carried old fashioned bouquets. On their heads they wore Dutch Tiaras.

Mr. Williams had as his best man his brother Granville Williams and as groomsmen Emmitt Smith, brother of the bride and John Knight of Baton Rouge.

During the ceremony Miss Ruth Williams of Mobile sang "The Lord's Prayer" and "Because."

Following the ceremony a reception was held at the home of the bride's mother where Mrs. Smith was assist-

Since I was employed by the City of Bay St. Louis as Superintendent of the Natural Gas System we have discovered approximately two hundred leaks in the various distribution lines throughout the City, which leaks have been prevalent for some time, thus causing a loss of revenue to the Taxpayers. Every one of these leaks has been repaired.

The above department is of vital interest to the Taxpayers and is the department I have been primarily responsible for since the 3rd of January 1949. The records of this Department will reveal that, though my supervision, many defective meters have been replaced and the "unaccounted for" loss of gas has been substantially reduced. If I am elected one of your City Commissioners on June 4, 1949, I hereby assure you that I will be diligent in performing the duties required of me and will protect your interest in all Departments of your City Government.

Respectfully submitted,

J. CYRIL GLOVER.

Hospitality Month is Here!

Yes, "Hospitality Month" is here! And Mississippi towns from the Tennessee Line to the Gulf and from Alabama to the Mississippi River are ready to participate in our state's travel promotion program.

The emphasis this month will be on our out-of-state visitors—tourists and vacationers who annually spend close to \$200,000,000 in travel and recreation in Mississippi.

Our job this month is to

get more of these visitors to come to Mississippi more often and to remain longer.

Therefore, Governor Fielding L. Wright has proclaimed "Hospitality Month" in May and is calling on every citizen to participate in this state-wide program.

A Community Travel Promotion Committee has been organized in your city; so do your part by cooperating in the program which this committee has planned.

Are we sitting on a...

GOLD MINE?

Dreaming of riches in some far away land? Then wake up Mr. Mississippian and look in your own backyard! For here you'll find a veritable gold mine if you know how to prospect it.

Yes, more than 12 billion dollars is spent annually on travel and recreation in the United States, making this one of America's major industries from a standpoint of expenditures.

And, Mississippi's potential share of this astronomical sum is estimated to amount to

\$200,000,000 -- a gold mine right here at home.

Your state, through the Agricultural and Industrial Board, had been working for a number of years to get Mississippi a larger share of this business, and with ever increasing success.

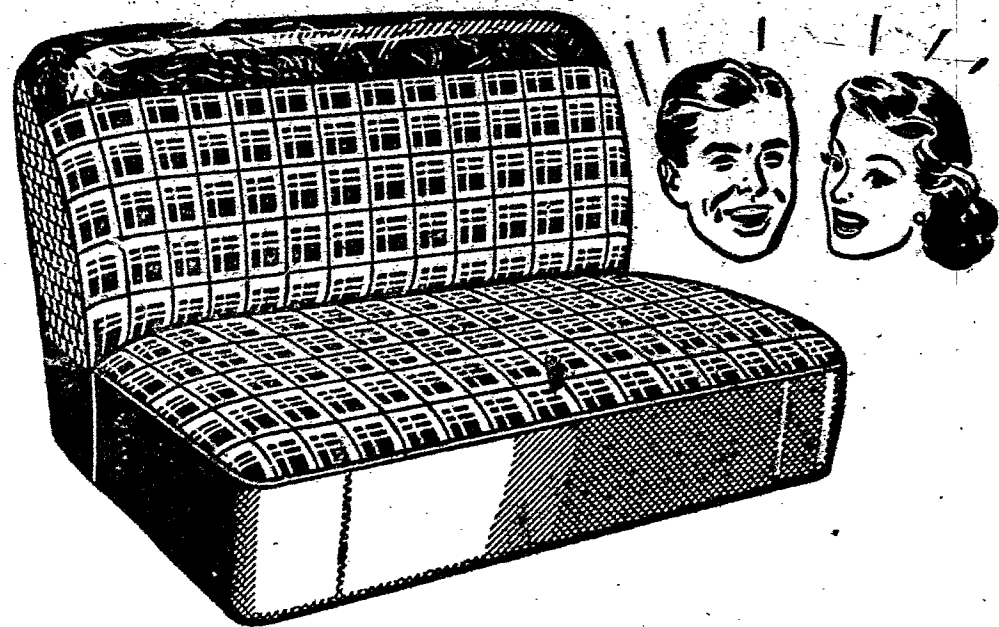

Now you too can have a part in encouraging tourists to come to Mississippi more often and stay longer... How? By participating in "Hospitality Month" in Mississippi this May, by cooperating with your local Travel Promotion Committee.

FARM HOMES BY
4-H'ERS STEADILY
INCREASES**

The annual number of Mississippi boys and girls enrolled in the National 4-H Home Grounds beautification program has steadily increased, and the 1949 figure is expected to follow suit, according to the National Committee on Boys and Girls Club work. On a national scale, enrollment has more than doubled in the last five years.

4-H Club members start out by mapping the farmstead grounds and making plans for improvement. They learn to use flowers, plants shrubs, trees and grasses in landscaping. Sometimes dad and mother lend a hand in the job, and share the satisfaction of turning the farm home into a beauty spot. "Before" and "after" photos are taken to show results.

For the 12th consecutive year, Mrs. Charles R. Walgreen of Chicago is providing merit awards for 4-H'ers having the most outstanding records of accomplishment in the project. County winners will receive a gold-filled medal of honor, and state winners will be selected to attend the National 4-H Club Congress next fall, all expenses paid.

Betty Skinner of Tiptonville was one of the national winners in 1948, after qualifying for state and Tipton county awards. There were 16 other county winners named in Mississippi. The entire program is supervised by the Cooperative Extension Service.

**Concerning Election Of
County School Board
Members**

Jackson, Mississippi, April 30, 1949 —State Superintendent J. M. Tubb has communicated with the county superintendents of Mississippi relative to the election of county school board members required by law on the first Friday in May, which is May the sixth this year. Members of the county school board are required to have the same qualifications as trustees of consolidated schools and are not required to be school patrons. The county school board member is selected by the trustees of the county other than the trustees of the municipal separate school districts. The powers, duties, and responsibilities of the county school board are very great and important. Mr. Tubb, therefore, has expressed in his communication with the county superintendents the point that he hoped due and proper publicity would be given to this election and that good and true citizens would be selected to membership on the county school boards of the 82 counties in Mississippi.

Extends Greetings To
Members**

I wish to extend greetings to all home demonstration club women during this week, May 1-7, that has been proclaimed as National Home Demonstration Week.

In observing this week in various ways as each community demands, I hope that you, as well as others who are not members of Home Demonstration Clubs, may realize the scope and flexibility of our organization. We are probably the largest organization of rural women in America. Besides mastering the many phases of home living that are available to us, we work as an organized group for many things that are beneficial to our communities, such as scholarship funds, libraries, community, choruses, health, safety, "Exchange programs" with other countries, etc.

Our responsibility to our communities and to our nation and to other nations, is to help those who are not acquainted with home demonstration club work in order that they may benefit personally through it and that we may benefit by the growth of our organization.

**Keesler Field Soldiers
Treated At Local Hospital**

Pfc. Claire D. Clark, 19 years of age, Evansville, Ill., Pfc. John W. Williamson, 19 of Emma, Ky., and Pfc. Franklin J. Williamson, Jr., 18, of Baltimore, Md., were brought to the Kings Daughters Hospital here on Saturday afternoon for treatment following an automobile accident on Highway 90, 16 miles west of Bay St. Louis when the car in which they were riding enroute to New Orleans left the road and turned over three times. The men were seriously hurt though Clark suffered more serious injuries than the others.

After treatment here they were taken by the Keesler Field ambulance to the station hospital where Williamson and Williamson were treated for minor bruises and cuts and discharged. Clark is still in the station hospital.

All three of the airmen are assigned to the 339th Training Squadron and are students in Keesler's A and E school.

State Highway Patrolman J. J. Whitman of the Gulfport patrol sub-station, investigated the accident.
